

GINRAW

Barcelona, Spain

ABOUT GINRAW

Ginraw is a super-premium gastronomic gin from Barcelona. It's produced with the finest botanicals, individually sourced and harvested fresh and in season from their top growing locations. They use a unique distillation process that combines the traditional method of single batch copper still distillation with the latest gastronomic techniques in low-temperature distillation using a Rotaval. Madness, perfection, talent, gastronomy and soul epitomize Ginraw!

THE SPIRIT

Ginraw encompasses the avant-garde culinary and design creativity of its home city of Barcelona — a masterpiece of collaboration between four masters of their craft: chef, sommelier, mixologist and master parfumeur. Ginraw's small-batch distillation is a harmony between tradition and innovation through both the use of copper pot stills and the revolutionary use of Rotaval, a low-temperature distillation machine developed by one of the leading restaurants of molecular gastronomy.

TECHNICAL INFORMATION

BASE SPIRIT/GRAIN: Albariño grape spirit

MASHBILL: A unique combination of two distillation methods; traditional distillation in copper stills and innova. Ginraw is infused and distilled with seven botanicals, including juniper berries, fresh lemon peel, fresh "cedro" peel, fresh Kaffir Lime leaves, fresh bay leaves, black cardamom and coriander seeds.

ALC. BY VOL.: 42.3%

Ginraw is very citrus forward with lime leaf, lemon curd, bergamot orange over a core note of juniper and bittering roots. A fresh and modern gin, this would shine in tonic or could be stirred into a martini. No twist necessary.
